BPP eBooks

BPP

With an intuitive interface, seamless access to your content and a personalised reading experience, BPP Learning Media eBooks are ideal for students and their study needs.

Your eBook can be accessed on multiple devices, syncing your bookmarks and updates, and enables you to highlight and annotate the content using a range of editing tools.

Frequently asked questions

How to access the eBook?

You can buy the eBook as a separate product or get it for free as an addition to the print book.

After you purchase the eBook, we send you an email containing an activation code and detailed instructions on how to activate the product on the VitalSource platform.

Once activated, the product is added to your bookshelf in the VitalSource system.

How do I activate an eBook using a code from a print book?

1. Go to online.vitalsource.com.

2. Register an account (first time only) and verify your email address.

3. Select the „Redeem Codes" option on the home page.

4. When prompted, enter the code(s) to redeem.

Which web browser should I use?

We recommend using Google Chrome or Firefox browser when downloading our eBooks and applications.

Make sure to clear your browser cache regularly to prevent access issues.

Can I use eBooks offline?

Yes, you can enjoy eBooks offline on mobile devices and tablets. Just install the VitalSource Bookshelf app on your device.

Click here for instructions on how to download the Bookshelf app.

Can my eBook expire?

Access to the eBook is granted for a period of 18 months from the date of activation of the eBook.

However, if the VitalSource account is not used for a period of three months, it may be deactivated. The user's account will be reactivated after logging into the account, but the user may lose any previously saved notes, annotations or bookmarks.

Can I print my eBook?

No, our eBooks do not allow printing.

Can I download the eBook in PDF format or use it outside the app?

No, the content is protected and will remain in the app.
